Dear Candidate,

Appointment of Director

Thank you for your interest in the position of Director with Disability Advice Service Lambeth.

Our current Director is moving onto a new role and we are looking for a new Director, who will lead our organisation as we emerge from the pandemic, reflect on what we have learnt and develop a new strategy so that we can further develop our services and influence for the benefit of Disabled people in Lambeth.

Disability Advice Service Lambeth is a Disabled People's Organisation and a well-respected local charity, valued both for delivering our core services to a high standard and for developing innovative projects to improve support and opportunities for Disabled people. We are known for our positive and creative approach to building and working in partnerships and for our contribution to strengthening the voluntary and community sector in the borough. We have an important local policy voice on issues affecting Disabled people.

As our Director, you will be a Disabled person or have a strong understanding of the lived experience of Disabled people, have substantial senior management experience in strategic development, service delivery and financial and people management and have excellent communication skills.

You will lead a team of dedicated and capable staff in delivering and developing high quality and effective services with the support and guidance of our experienced Management Committee.

We look forward to receiving your application.

Ebenezer Akinsanmi
Chair, Management Committee

Introducing Disability Advice Service Lambeth

Disability Advice Service Lambeth (dasl) is an independent charity working with, and on behalf of, Disabled people. We were set up in 2001, having previously operated since 1984 as a project of a larger charity, Lambeth Accord. We are Lambeth's leading pan-impairment Disabled People's Organisation (DPO) and our users include people with physical and sensory impairments, learning disabilities, mental health problems and long-term health conditions.

We are controlled by Disabled people through our Management Committee, which has a majority of Disabled trustees, and our growing membership. Our vision is of an inclusive society where Disabled people enjoy equal rights and opportunities, and where diversity is valued.

Our work involves provide a range of high quality information, advice and advocacy, direct payments support, employment support and peer support services, as well as social and sports

activities, to Disabled people in Lambeth and neighbouring boroughs.

Through our involvement in local consortia since 2009, we have also developed substantial experience of work with older people and carers. Since April 2015 a wide range of services for Disabled and older people and carers have been brought together under the umbrella of Connect Lambeth in which dasl is a leading partner.

We operate from fully accessible office premises at 'We are 336', Lambeth's voluntary sector disability hub, in Brixton, in the centre of this multicultural south London borough.

As well as delivering our main services, dasl contributes extensively to local strategic and policy work on disability, advice, advocacy and wider health and social care issues, working both with Lambeth Council and South East London Clinical Commissioning Group (CCG), as well as with the Lambeth voluntary and community sector.

We have a staff of 15 supported by a growing team of volunteers and peer mentors.

Visit our website at www.disabilitylambeth.org.uk for more information about us.

Our Services

Advice

We hold the Advice Quality Standard at the *General Help with Casework* level in the disability client category and the welfare benefits subject category. This was re-awarded for two years in February 2021.

Our Advice Service provides information, general advice and advice casework up to tribunal level mainly to Disabled adults of working age, with a particular focus on those whose primary needs are mental health-related. Help is provided mainly on welfare benefits but also on debt, housing, community care, accessible transport services (such as Freedom Passes, Blue Badges and Taxicards) and obtaining help from the Emergency Support Scheme and charitable grants. We also support the weekly advice and support surgery for Deaf and hearing impaired people provided at our offices by the Royal Association for Deaf People as part of Connect Lambeth.

Professional Advocacy

We hold the Advocacy Quality Performance Mark, which was re-awarded for three years in December

2018 by the National Development Team for Inclusion (NDTi). The AQPM is the nationally recognised standard for independent advocacy services against which we deliver our services.

The service is provided to Disabled and older adults and carers, with and without capacity to provide instruction (i.e. non-instructed advocacy). It is part of Connect Lambeth and supports people with a range of issues, including community care, health, housing, safeguarding, discrimination, child protection, making complaints and accessing legal representation.

dasl is a founding partner of the Lambeth Advocacy Hub, a consolidated advocacy service in the borough, which brings together partners to provide all statutory advocacy services, including Independent Mental Capacity Advocate (IMCA), the Independent Mental Health Advocate (IMHA) or the NHS Complaints advocacy services for Lambeth.

Direct Payments Support

We have provided the independent Direct Payments Support Service on behalf of Lambeth Council since 1999. The service, now part of Connect Lambeth, offers information, advice and training on Personal Budgets and Personal Health Budgets, mainly in the form of Direct Payments, and is available for all client groups eligible to use this

funding to arrange their own care and support or that of the person they care for. We also offer advice to self-funders.

Community Development for Disabled People

Our Community Development Service, created in 2015 as part of Connect Lambeth, leads on development of our community links and our work with smaller and user-led local disability groups. It supports the voice of dasl members and other local Disabled people on key agendas, in particular Lambeth Council's services and is developing our offer for young Disabled people. We facilitate the Lambeth Disability Hate Crime partnership.

Co-production

We believe that Disabled people are best placed to make decisions about their lives, including about their care, work and education. We are working with South East London Clinical Commissioning Group (CCG) to use co-production to shape the decisions on personalised care services in Lambeth and South East London.

Into Sport and Social

Since 2014, we have been encouraging Disabled people to take part in sport and social activities alongside non-disabled people. In response to the recent pandemic, we have been able to expand this work to provide a greater range of social activities. We support Disabled people to think

about the activity that they would like to take and to turn this into a reality. As well as supporting Disabled people to find out about and use leisure centres, community sports facilities and clubs, we also organise a range of opportunities for Disabled people ourselves.

Employment Support

Our employment support project is delivered in partnership with Inclusion London and Action on Disability to support young Disabled to find work and get the support they need while they are in work. We provide employability skills training and can provide job coaches, mentors and support coaches once Disabled people have found work, by utilising Access to Work funding. The project also involves working closely with our partners to support cultural change amongst employers.

Smashing Records

We host a weekly radio show on Resonance FM. The show is hosted and supported by Disabled people and provides dedicated airtime for Disabled people to share their stories, give their opinions and showcase their talents.

Connect Lambeth

Connect Lambeth was originally established as the Independent Living and Carers' Partnership (ILCP) in April 2015 and is commissioned and funded by Lambeth Council for the benefit of:

- Disabled people including adults with learning disabilities and people with physical and/or sensory impairments
- older people
- adults with long term health conditions
- carers, including young carers

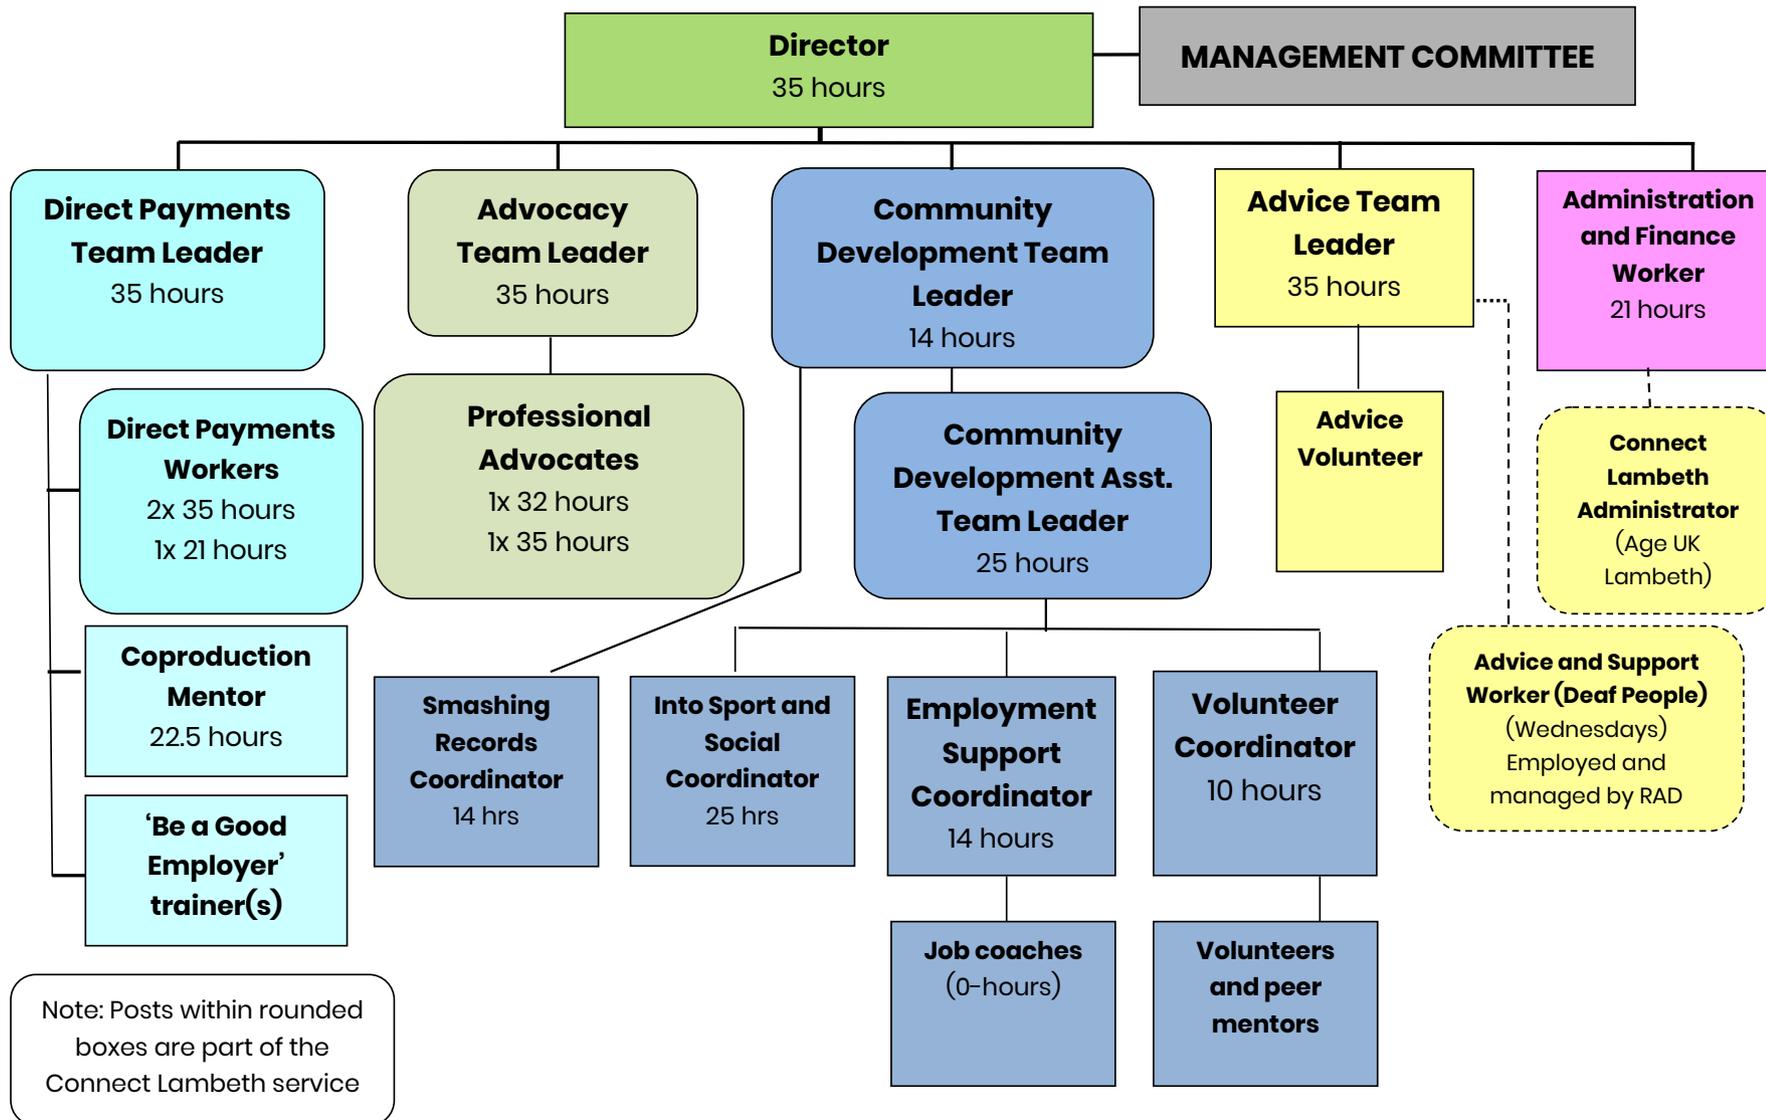

The partnership is based at 'We are 336', 336 Brixton Road, London SW9 7AA, with outreach services and activities in other community venues across Lambeth. 'We are 336' is an established hub for voluntary sector services for Disabled people, which is owned and managed by the charity Lambeth Accord.

Connect Lambeth includes six member organisations, with a record of accomplishment of working together to deliver services to these client groups:

- Age UK Lambeth, the borough's leading voluntary organisation working with older people, leads the partnership.
- Disability Advice Service Lambeth (dasl), an independent Disabled People's Organisation working with Disabled people across all impairment groups, and with older people and carers in Lambeth.
- Carers' Hub Lambeth, a charity formed in 2019 following the closure of Help for Carers to support unpaid carers, including young carers aged 5-21.
- Community Support Network (CSN), a user-led organisation providing advocacy services to people with mental health problems.
- POhWER, an organisation providing information, advice, support and advocacy to people who experience disability, vulnerability, distress and social exclusion.
- Royal Association for Deaf People (RAD), who provide advice services for Deaf People in their first language, usually British Sign Language (BSL).
